

MANUAL 2 · LIMITED WARRANTY CARD

LIMITED WARRANTY CARD

A product-specific service record for warranty scope, registration and claims.

Product name

Golf Cart KPL G2 2-GB

Model

KPL G2+2-GB

Category

Golf Carts

Model identification view

Used only to confirm the current model appearance; coverage follows the identity and matrix on this card.

Warranty coverage matrix

Covered item	Coverage description	Duration
Main frame, body and canopy structures	Material or workmanship defects in the ordered frame, fixed body panels, canopy supports and fixed protective structures	As stated in the order/contract
Motor, controller and fixed drive assemblies	The ordered traction motor, controller and fixed driveline assemblies	As stated in the order/contract
Steering, suspension and braking structures	The ordered steering gear, suspension members, axles and fixed braking-system components	As stated in the order/contract
Electrical instruments, lamps and fixed wiring	The ordered display, switches, lamps, horn and fixed vehicle wiring where included	As stated in the order/contract
Traction battery and charging equipment	Coverage follows the battery/charger terms expressly stated in the order, contract or dedicated warranty terms	As stated in the order/contract
Tires, brake linings, bulbs, upholstery and other wear items	Wear, consumable and appearance items only when expressly included in the applicable terms	As stated in the order/contract

Coverage basis

Specific periods, labor coverage and local remedies follow the order, contract and applicable law.

Registration basis

Retain the model, serial or batch number, order/contract number and delivery date.

EASCOUTIATM · KPL G2+2-GB

Fault review

Record operating conditions, the observed fault and current configuration; prepare clear photos.

Coverage boundary

Assess material or workmanship defects against the matrix; wear items follow the order.

SERVICE CONDITIONS

Terms and service process

Keep this card with the delivery and purchase record when requesting service.

Valid conditions

- Applies to material or workmanship defects under the ordered configuration and intended use.
- The warranty period starts on the agreed delivery or acceptance date shown on this card or the order.
- Keep the model, serial or batch number and delivery record for service registration.
- If a safety-related fault is suspected, stop using the product and contact the designated service channel.

Exclusions

- Normal wear, consumables and cosmetic changes caused by ordinary use.
- Damage caused by incorrect installation, misuse, overload, unsuitable environment or improper storage.
- Unauthorized modification, dismantling, repair, third-party parts or changes to the ordered configuration.
- Damage from impact, fire, water, corrosion, force majeure or transport after delivery acceptance.
- Claims without identifiable product information or required delivery and purchase records.

CLAIM PROCESS

1

Record the model, serial/batch number and delivery date.

2

Describe the fault and provide clear photos or other requested records.

3

Submit the request through the seller or designated service contact.

4

Follow the service assessment, parts and return instructions before shipment or repair.
